Thanks for sharing this Miranda. It looks good to me and seems like a reasonable amount of time for the tasks. The only comment I have is with regard to the line that says "Internal EPA Review period - also include State & Tribe?" I think 30-ish days is reasonable for internal Regional/OGC/OW review, but it would hard to incorporate state and tribal outside review (unless it was more conceptual and not line-item) in that amount of time.

Also, thanks for your voicemail response to my question about the FOIA, I'll be working on that this month.

Hi Chris,

Our regional counsel suggested that I share our draft timeline for the Deschutes TMDLs with you to review for any major red flags from HQ's perspective. The top chart is one that the DOJ attorney created based on the contractor's estimate, which I modified based on recent conversations with the contractor. The bottom chart is a simplified version.

if you could give this a quick look and let me know if you have any comments by next Wednesday COB, I would appreciate it.

Thanks,
